TERRA FICTA

countries that were never surveyed

12 plates

MDCCCI

drawn by a machine from a single number

COLOPHON

Every plate in this book was computed, not drawn. A single integer is expanded into a height field by fractal noise; water is routed downhill across that field; valleys are cut along the drainage; climate is derived from latitude and altitude; provinces are grown from watersheds; and the names are coined from a phonology invented for each province.

The same integer always produces the same country. There is no other copy of it anywhere, and no one has been there.

Composed with Pillow and numpy. Set in Garamond and Book Antiqua.

CHOUCHULDORA

a survey of the country, in 5 provinces

Chouchuldora lies between the 12th and 56th parallels, and holds 40 parts land to 60 of water. The Baibesvau breaks upon its western shore, and the Zosveisvol closes it to the east.

The ground rises to 3,119 metres. The Siseiseli carry the highest of it.

The Khouceitreir is the longest of the rivers shown, 2,770 kilometres from its source to the sea. The Dridredraulau is next at 2,500 kilometres, draining 1,734,000 square kilometres. Lakes take up 8.1 parts in a hundred of the land, most of them strung along the greater courses.

The country is divided into Hauhistora, Wourolreach, Rekaistath, Skofia and Wabolholt, of which Hauhistora is the largest at 3,686,000 square kilometres. The seat is at Draipeingate. No part of this country has been visited twice.

KHUVRURKATH

a survey of the country, in 5 provinces

Khuvrurkath lies between the 15th and 54th parallels, and holds 39 parts land to 61 of water.

The ground rises to 3,316 metres. The Skunoskukhu are the highest ground the survey names, reaching 2,960 metres.

The Pauskaikhau is the longest of the rivers shown, 2,330 kilometres from its source to the sea. The Shaemamou is next at 1,490 kilometres, draining 926,000 square kilometres. Lakes take up 7.3 parts in a hundred of the land, most of them strung along the greater courses.

The country is divided into Griawiathath, Youdrougard, Staicoesse, Rustotmoor and Theidreisesse, of which Griawiathath is the largest at 3,237,000 square kilometres. The seat is at Pudhaiburg, and Yodrahaven stands furthest from its neighbours, 984 kilometres. No part of this country has been visited twice.
